TAKE A LOAD
OFF YOUR MIND

"Keeping America Moving"

THE OUTLOOK:

As the commercial truck industry continues to increase, the demand for more drivers is also growing. Employment of heavy and tractor-trailer truck drivers is projected to grow 21 percent from 2010 to 2020, faster than the average of all occupations.

As the economy grows, the demand for goods will increase, and more truck drivers will be needed to keep supply chains moving. Trucks transport most of the freight in the United States, so as households and businesses increase their spending, the trucking industry will grow.

If you are looking for a new career in this growing industry, then the commercial trucking sector could be the place for you! SouthWest Oklahoma's leading CDL Trucking Educational Center, CBM Trucking Academy offers students a chance to learn the skills today's truck carriers are looking for in a new generation of professional truck drivers of America.

COURSE DESCRIPTION:

This program is designed to provide professional tractor trailer driver training to students with or without prior truck driving experience. Students are prepared to pass the Class A Commercial Driver's License (CDL/A) written and road test required for entry-level tractor-trailer driving positions. Curriculum includes preparation for the written and skills test and is taught by experienced driving instructors. Upon successful completion of the course the student will receive a certificate of completion, CMB Driving Academy certification and a CDL A license.

OUR PHILOSOPHY:

Our curriculum is designed to meet and/or exceed most accepted truck driver training criteria. Student progress is reviewed in a consistent manner to assure full value received for each of our students. The school provides an environment of opportunity, and challenge where students can reach their highest level of achievement, through its use of practical classroom lectures and hands-on experience in a realistic environment.

MISSION STATEMENT :

Our Goal is to promote student learning through quality, career-oriented training programs in truck driving and help students achieve employment in the trucking industry.
